1st Latin American Conference on Statistical Computing (LACSC)

First Call for Papers

The 1st Latin American Conference on Statistical Computing (LACSC 2016) will be held in **Gramado, RS, Brazil, from July 22-24, 2016**, and will be a satellite conference of the 22nd SINAPE that will be held in Porto Alegre, from July 25-29, 2016. This international conference aims at gathering researchers interested in statistical computing in Latin America and from other parts of the world, and will be sponsored by the Brazilian Statistical Association (ABE) and by the International Association for Statistical Computing (IASC). The theme of the 1st LACSC is "Statistical Computing for Data Science". Complete information about the 1st LACSC can be found in our website http://www.redeabe.org.br/lacsc2016, and on Facebook https://www.facebook.com/LACSC2016.

The Scientific Program Committee of the 1st LACSC is now soliciting suggestions for **Invited Paper Sessions** (IPS, 90 minutes with three speakers) to be considered as part of the scientific program of the conference. Please submit formal proposals **before April 15, 2016**, to the Chair of the Scientific Program Committee (Paulo Canas Rodrigues; paulocanas@gmail.com), include title, brief description of the topic, and a list of speakers and discussant who have agreed to be part of the session.

Abstracts for **contributed talks** and **contributed posters** can be submitted online **until May 15, 2016**.

General questions about the scientific program should be directed to Paulo Canas Rodrigues (paulocanas@gmail.com).

For questions about local arrangements do not hesitate to contact the Local Organizing Committee (lacsc2016@gmail.com)
